## PROFESSIONAL EXPERIENCE

### Studio Syro

Co-Founder / Studio Head / Producer – (2019-Present)

- Spearheaded the development of Studio Syro, a VR animation studio that combines cutting-edge technology with artistic talent to create immersive and captivating experiences.
- Managed end-to-end development of eight VR titles on MetaQuest TV: “Tales From Soda Island” (Chapters 1-7) and “Reimagined Volume 1: Nyssa.”
- Collaborate with global cross-functional teams to develop project schedules, ensure on-time delivery of milestones, break down scripts and storyboards, and facilitate content revisions.
- Oversee multi-million dollar budgets, resource allocation, and risk management, reducing project costs.
- Track project progress, mitigate risks, and maintain timelines in production and studio projects.
- Implement Agile methodologies, IT systems, and technical solutions for enhanced efficiency and improved workflow accuracy.
- Develop skills in project management, creative direction, and technical implementation for Quill-based, and VR projects.
- Serve as Technical Artist specializing in Shader development and optimization for mobile and web platforms.

### KWEST

Game Producer / Technical Artist – (2017-2019)

- Directed creative and technical development of platform features to deliver compelling AR narratives worldwide
- Collaborated with cross-functional teams for timely and efficient project completion.
- Served as a technical artist, creating efficient pipelines and visually rich AR experiences focusing on asset implementation, visual FX creation, and optimization.

## SKILLS
